

JSGE100 Portfolio Report

Prepared by:
Jim Sanderson BSc(Hon), CFP
Wealth Advisor

June 30, 2010

The returns and other characteristics in this presentation are based on performance of actual funds in the model portfolio. Model performance shown includes reinvestment of dividends, capital gains distributions, and other earnings but does not reflect the deduction of investment advisory fees or other expenses. Past performance does not guarantee future results and principal value will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. To obtain current month end performance information please visit www.dimensional.com. Indexes are not available for direct investment, and their performance does not reflect the expenses associated with the management of an actual portfolio. All data is in Canadian dollars and net of fund MERs.
